

TENANT TIPS

August 2013

BE SMART. STAY SAFE.

Security is all about protecting people, places and things. The experts at Vector Security® specialize in protecting businesses of all sizes and from every industry. Whether it is burglary, arson, injury or data protection, here is a short list of tips to help employers reduce potential vulnerabilities.

- Be alert and aware of one's surroundings
- Control admittance to entrances and offices
- Install proper lighting both inside and out
- Prepare, train and test emergency plans
- Limit data access to avoid information leaks
- Strengthen firewalls to contain communication

To get protected, Vector Security® offers comprehensive security assessments. It starts with asking the right questions to uncover each company's unique needs then customizing a security solution that's a perfect fit.

For more information, contact Vector Security® at 800-734-1553.
